Philip Ziegler
Chief Technology Officer

Philip Ziegler joined UATP in July 2006 and currently serves as chief technology officer where he is responsible for all aspects of UATP's technology platform and the development of software products. Ziegler oversees software development of core applications such as DataStream®, DataMine® and Ceptor®, as well as UATP's transaction processing network, ATCAN®. As CTO, Ziegler works to ensure outstanding global operational support of Issuers, Merchants, and other partners and administers UATP's Data Security Policy. Ziegler holds a B.A. degree in Interdisciplinary Studies from the University of Maryland Baltimore County and an M.B.A. from the College of William and Mary.
